JV2020 and JV2010--Similarities

- **Warfighting Remains The Primary Concern**
- **Focus Is On Operational Level of War**
- **Four Operational Concepts Remain**
  - **Dominant Maneuver**
  - **Precision Engagement**
  - **Focused Logistics**
  - **Full Dimensional Protection**

JV2020 and JV2010--What's Different?

- **More Focus on Multinational, & Interagency Interoperability**

- **Information Operations Highlighted As Critical Element of Full Spectrum Dominance**

Goals	FRIENDLY	TARGET AUDIENCE	ADVERSARY
	- Inform - Facilitate - Protect	- Influence	-Influence - Degrade - Destroy - Deny

- **Joint C2 Receives Increased Focus**
- **Info Superiority Leads To Decision Superiority**
- **MOOTW Receives Greater Emphasis**
- **DOTMLPF Innovation Vice Technological Innovation**

JV2020 Compared to Today

Threat

Operational Environment

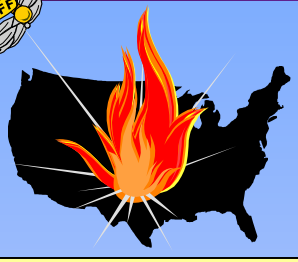
Forging Tomorrow's Military Force

Jointness American Style

Structure

Capability Comparison

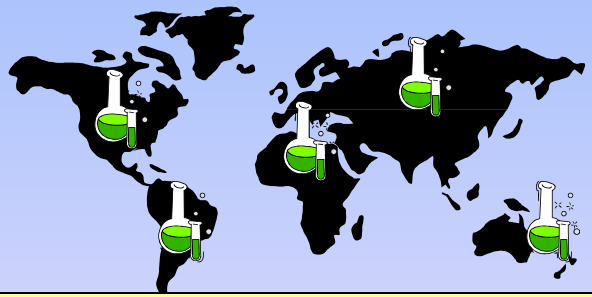
JV2020 Compared to Today: Threat



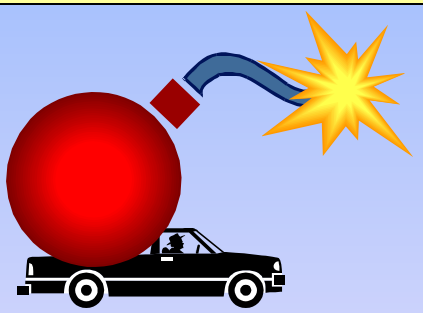
+

+

Significant Disruption in the US Infrastructure Coinciding With Anti-Access Campaigns and Attacks on Targets Designed to Erode American Will



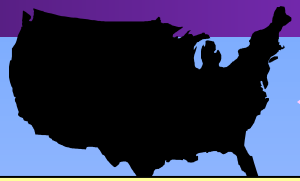
Numerous Asymmetric Attacks …(i.e., Chem/Bio)



Selective Asymmetrical Advantage Over US

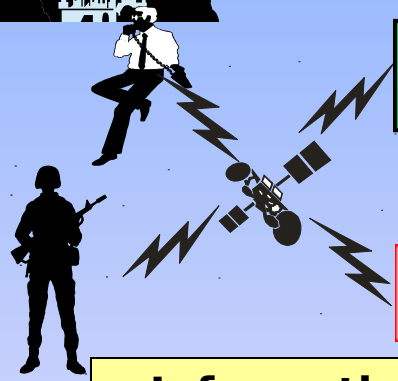
Aggressive Information Operations And Manipulation of Media

JV2020 Compared to Today: Operational Environment



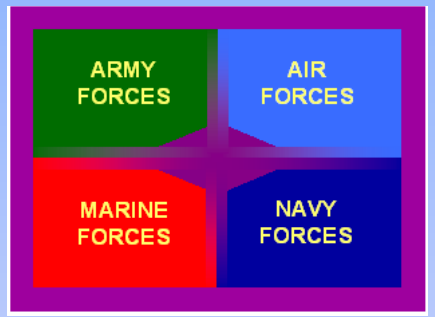
Battlespace Area of Conflict

Global Reach & Threat Extend Between Homeland to Area of Conflict



Information Superiority

Joint Task Force Operational Capability



Increased Tempo & Greater Execution Time Compression

Spectrum Capable Joint Force

Interagency & Multinational Integration

Forging Tomorrow's Military Force

Past

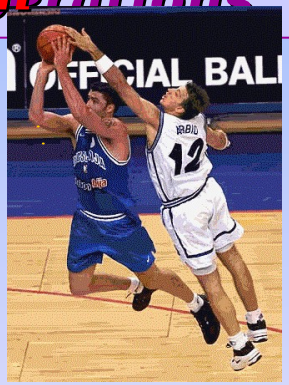
Today

Focus on the Seams

Develop the breakthrough concepts

"moving beyond interoperability to truly joint operations"

Future



"To Be The Most Effective Force For 2020, We Must Be Fully Joint: Intellectually, Operationally, Doctrinally, And Technically,"

excerpt from JV2020
